Surprised we have not confirmed this as it is in my calendar? We need to confirm who is going and who pays for this. Not knowing who pays for what and the lack of follow through is starting to hinder our ability to respond in appropriate time. I do not mind paying for these (can always transfer the funds from other centers if we find out that there is a more appropriate one). On that note it is still unclear to me who pays for what around here. I know before my arrival that some budget were transferred to Advancement but unclear what they are covering. Similar to hospitality we will need to develop a master list of some sort.

Hi Julie,

I did not purchase the tickets as I don't believe Shane confirmed who was going to be attending. You may want to check with Daniel to as well to see if all three tickets will be taken out of the President's Office budget.

Just wondering if you purchased the tickets?

Thanks,
Julie
